INSTALACIÓN DE WINDOWS 10

Preparación de la máquina virtual en Vmware

Después del reinicio de sistema...

Comenzar rápidamente

Puedes cambiar esto en cualquier momento. Selecciona Usar la configuración rápida para:

Si envías a Microsoft los detalles de contactos y calendarios, junto con otra información de entrada asociada, podrás personalizar tu voz, escritura y entradas manuscritas. Permite a Microsoft usar esa información para mejorar las plataformas de sugerencias y reconocimiento.

Permitir que Windows y las aplicaciones soliciten conocer tu ubicación, incluyendo el historial de ubicaciones y que puedan usar tu id. de publicidad para personalizar tus experiencias. Envía a Microsoft y a sus partners de confianza algunos datos de ubicación para que puedan mejorar los servicios de ubicación.

Protégete contra contenido web malintencionado y usa la predicción de páginas para mejorar la lectura, acelerar la exploración y mejorar la experiencia global a la hora de usar los exploradores de Windows. Tus datos de exploración se enviarán a Microsoft.

Conectarse automáticamente a las zonas con cobertura inalámbrica públicas y redes compartidas sugeridas. No todas las redes son seguras.
